Dear Wynne,

We wanted to let you know about a wonderful award we won and opportunities created by the film you made about our work at the Lighthouse.

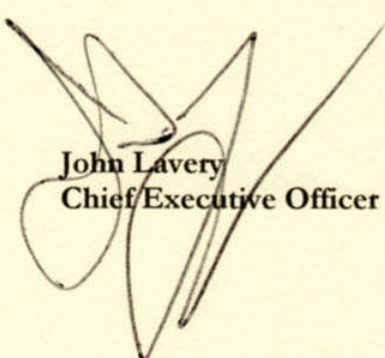

The Lighthouse was chosen from among thousands of community organizations throughout the Delaware Valley and made it into the Top 125 in the WAWA Foundation Hero Awards.

Because of your film, The Lighthouse made it from there, into the Final Four and on July 4th 2017, during regionally televised ceremonies, The Lighthouse won a check for \$10,000.

There is no question in our minds that your film made all that happen. Throughout the events and television appearances, everywhere we went, people kept saying, "What a great story and what an amazing film," including the 10-NBC staff who used the film in news broadcasts.

Thanks again for your vision and compassion in telling our story in such a unique and visually compelling way.

Sincerely,

John Lavery
